

Parking and admission

Due to construction at the Zoo's Aquarium, foot traffic near the Broadway entrance will be notably restricted. In order to make your concert experience as enjoyable as possible, we would like to offer the following suggestions:

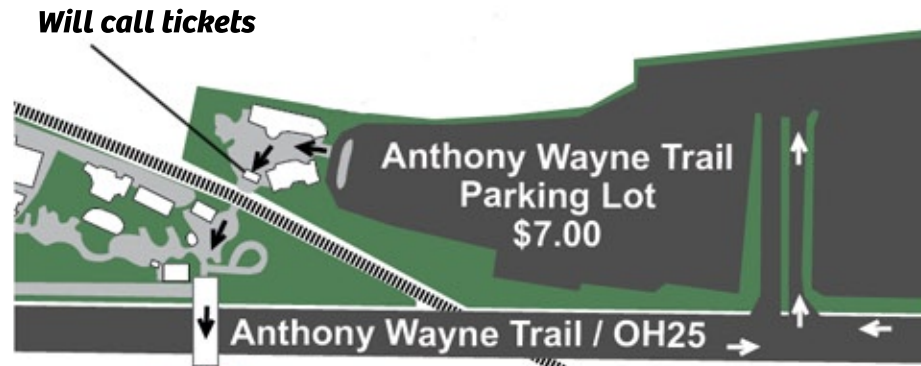

Concert patrons are highly encouraged to park at the Anthony Wayne Trail parking lot and enter the Zoo from our main gates (under the Welcome sign). Will Call tickets will be available at both the Main Admission Gate and at our Broadway Gate entrance.

Your scenic walk through the Zoo will lead you to the Main Plaza where you can purchase concert T-shirts and souvenirs along with great food and beverages. Smoking will also be permitted in the Main Plaza before and during the concerts. Additionally, we will be offering a new concession and retail location called the Watering Hole at the Broadway Pavilion.

It is recommended that concert patrons arrive at the Zoo at least 45 minutes before the concert begins to allow ample time for parking, admission, and seating.

Concert tickets may be purchased daily from 10:00AM – 5:00PM at our Box Office near the Anthony Wayne Trail entrance.

Starting at 6pm on the night of the show, will call and ticket sales will be available at the Broadway Box Office and also at the Anthony Wayne Trail entrance at the Zoo's main Admission Gate under the **Welcome Sign**.
